

Processtöd Tillgänglighet

- oljar processen mot ett tillgängligare arbetsliv

Vi hjälper projekt inom Europeiska Socialfonden att arbeta med tillgänglighet för personer med funktionsnedsättning.

Action Support Accessibility

- oil the process towards a more accessible working life

We help projects within the European Social Fund to work with accessibility for people with disabilities.

One person in five in Sweden has a disability. You know, don't you, that your ESF application must have an accessibility perspective? We will support you to get you started.

Action Support Accessibility offers flexible support

- . when you have an idea and make an ESF application for a pre-study
- . when you have received approval and started
- . when you apply for the project to be carried out
- . when the project to be carried out has been approved and started

Contact our Helpdesk by telephone and the web www.tillgangligtprojekt.se

Our accessibility consultants give telephone support through a link on our homepage, which also provides information, checklists, educational materials, inspiring films, and contact information.

We have five **regional coaches** located around the country ready to support your particular ESF project. In direct consultation, they can read your draft application and make suggestions for improvements. A cost-free sounding-board.

We offer **information meetings** and **target group-designed training** for project managers and for participants. Furthermore we have a network of consultants in the area of accessibility.

Please turn the page for contact information.

Our regional coaches are:

Barbro Lindgren
Agneta Lindqvist
Fredrik Lindgren
Gert Månsson
